The Chinese Government having (through the Hon. Anson Burlingame) conceded to this Company the privilege of connecting the great seaports of the Empire by submarine electric telegraph cable, we propose commencing operations in China, and laying down a line of nine hundred miles at once, between the following ports, viz:

	Population.
Canton	1,000,000
Macoa	60,000
Hong-Kong	250,000
Swatow	200,000
Amoy	250,000
Foo-Chow	1,250,000
Wan-Chu	300,000
Ningpo	400,000
Hang Chean	1,200,000
Shanghai	1,000,000
Total	5,910,000

These ports have a foreign commerce of $900,000,000, and an enormous domestic trade, besides which we have the immense internal commerce of the Empire, radiating from these points, through its canals and navigable rivers.

The cable being laid, this company proposes erecting land lines, and establishing a speedy and trustworthy means of communication, which must command there, as everywhere else, the communications of the Government, of business, and of social life especially in China. She has no postal system, and her only means now of communicating information is by couriers on land, and by steamers on water.

The Western World knows that China is a very large country, in the main densely peopled; but few yet realize that she contains more than a third of the human race. The latest returns made to her central authorities for taxing purposes by the local magistrate make her population *Four hundred and Fourteen millions*, and this is more likely to be under than over the actual aggregate. Nearly all of these, who are over ten years old, not only can but do read and write. Her civilization is peculiar, but her literature is as extensive as that of Europe. China is a land of teachers and traders; and the latter are exceedingly quick to avail themselves of every proffered facility for procuring early information. It is observed in California that the Chinese make great use of the telegraph, though it there transmits messages in English alone. To-day great numbers of fleet steamers are owned by Chinese merchants, and used by them exclusively for the transmission of early intelligence. If the telegraph we propose connecting all their great seaports, were now in existence, it is believed that its business would pay the cost within the first two years of its successful operation, and would steadily increase thereafter

No enterprise commends itself as in a greater degree renumerative to capitalists, and to our whole people. It is of vast national importance commercially, politically and evangelically.

☞ The stock of this Company has been unqualifiedly recommended to capitalists and business men, as a desirable investment by editorial articles in the New York *Herald*, *Tribune*, *World*, *Times*, *Post*, *Express*, *Independent*, and in the Philadelphia *North American*, *Press*, *Ledger*, *Inquirer*, *Age*, *Bulletin* and *Telegraph*.

DEMOCRATIC PLATFORM.

1. That the federal government is limited in power to the grants contained in the Federal Constitution; that the exercise of doubtful constitutional powers is dangerous to the stability of the government and the safety of the people, and the democratic party will never consent that the State of Pennsylvania shall surrender her great right of local self-government.

2. That the attempted ratification of the proposed fifteenth amendment to the Federal Constitution by the radical members of the last legislature, and their refusal to submit the same to a vote of the people, was a deliberate breach of their official duty and an outrage upon every citizen of the State, and the resolution making such ratification should be promptly repealed and the amendment submitted to the people at the polls for acceptance or rejection.

3. That the Democratic party of Pennsylvania is opposed to conferring upon the negro the right to vote, and we do emphatically deny that there is any right or power in Congress or elsewhere to impose negro suffrage upon the people of this State in opposition to their will.

4. That reform in the administration of the federal and State governments, and in the management of their financial affairs is imperatively demanded.

5. That the movements now being made for the amelioration of the condition of the laboring man has our most cordial co-operation.

6. That the legislation of the late republican Congress "outside of the Constitution," the disregard of the majority therein of the will of the people and sanctity of the ballot box, in the exclusion from their seats in Congress of representatives clearly elected, the establishment of military governments in States in the Union and the overthrow of all civil governments therein, are acts of tyranny and usurpation that tend directly to the destruction of all republican government and the creation of the worst forms of despotism.

7. That our soldiers and sailors, who carried the flag of our country to victory must be gratefully remembered, and all the guaranties given in their favor must be faithfully carried into execution.

8. Equal rights and protection for naturalized and native-born citizens at home and abroad; the assertion of American nationality which shall command the respect of foreign powers and furnish an example an encouragement to people struggling for national integrity, constitutional liberty and individual rights.

9. That the present internal revenue and taxing system of the general government is grossly unjust, and means ought at once to be adopted to cause a modification thereof.

The report was accepted and unanimously adopted.

THE CHINESE GIANT.

All the men of big statute did not perish in the flood, although that forty days' rain sweept off most of them. A vertible Brobdignag is in our midst to-day. Chang, the huge Chinaman, is here, and is suffering the inconvenience of his bulky greatness. The cars afford no room for him to deposit his ample lumbar regions in. Chairs are shaky props, beds there are none to support him, and altogether he finds New York City as bare of conveniences for his comfort as Timbuctoo. Last week orders were given for a chair of stout strength and immense size, and a bed fit for the reception of his monstrous limbs is now ready for the gaint.

Chang is a monster of flesh a giant in height, and has exhibited himself in England, at the request of the Prince of Wales, he visited the Marlborough House, and last year he was a guest at the Tuileries.

The giant is eight feet eight inches in height, and is about twenty five years of age. He is good-looking and quite intelligent, speaks English fluently and is quite gallant in his way. His pet extravagance is dress. He devotes all his energy and the most of his business time to the careful investure of his cumbrous body in store clothes. Massive chains make arches all about his body; what would crush a pigmy to the earth, hang like silken threads about his chest and girdle. His feet are exagerated betle crushers, and the rest of his body is of proportionate immensity,

Chang has a wife and two children, and is said to be great in his affection towards them. He calls his spouse his "pretty Kin-Foo," and though he flirts and philanders with all the ladies, Kin-Foo is in no way jealous believing that a man of such inordinate size is excusable if he does overrun with affection for another.

Chang's father is even taller than his son, and there is a sister who exceeds him in heighth a few inches.—The sister is married, and her husband will not suffer her to become the object of rude gaze. Chang has been well educated, and belongs to a fine family. His father is a wealthy tea merchant in Fu-Chau. The Russian giant Anak is the only man who has ever appeared that approaches Chang in height. Both Anak and Chang were exhibitid on the Continent together, and though Anak wore a helmet with feathers, which made him seem of extraordinary height, Chang, without any such illusive accessory, appeared the taller man.

Mr. Wood, of the Museum, has effected an engagement with the Chinese giant, and will soon introduce him to the public.

WISCONSIN PINERY BOYS—THE FIRST OF THE FUTURE.

A few days since a party of raftsmen killed several negroes on the steamer Dubuque, near Rock Island.

Let us look at the matter.

A large body of white men, hardy lumbermen from the pineries north of La Crosse, had been down the river with rafts. They took passage on the steamer Dubuque, to return after disposing of the lumber they had been running to market. They were coming up the river as regular passengers.

The steamer was crowded. After punching tickets for those in the cabins, the clerks of the boat went below to mark tickets of those on the lower decks. That this work might be well done, as it should be, guards were stationed on the stairs to prevent those below going up till the tickets were punched.

In this the officers of the boat were right—they were doing their duty.

But they made a great mistake in appointing two black men as guards.

Here was the origin of the trouble.

The white men on the boat were no boys.

They were no sneaks albeit they did wear coarse clothes and look rough.

They have families to love and provide for.

They were democrats and republicans.

Some of them were our friends—some our enemies, that is politically.

But they were men—with men—workingmen—the men who are helping build up this country, and as time unvails itself, they realize that the government is not in sympathy with them—*does not protect them*—does not care so much for them as for the black man and the relatives of the bondholders' President.

One of these men proposed to go up stairs.

The negro guard stood on the steps and said:

"Keep down dar! Kase you can't come up here."

"Why not?"

"Kase yer can't.

The man thus spoken to was perhaps under the influence of liquor to some extent—as Grant and others high in authority often are. He felt startled at thus being talked to by a nigger—he felt just as any white man would feel. Words followed.

The negro knocked him down.

The friends of the white man rushed in.

The friends of the black man did the same.

The negro deck hands drew knives and other weapons. The white men did the same. Hot blood soon boiled. The whites were the strongest. Some of them were intoxicated. The negroes were driven from the boat; were driven into the river, shot with revolvers, pelted with coal—drowned.

The law stepped in at the first opportunity and took the rioters or the white men in its grasp, and there holds them for the present.

This was not a Ku-Klux outrage,

It is a greater row than has happened in the outh Ssinec the war.

But we hear no efforts of the administration to make capital of it, *or to protect the black man!*

The men who killed the negroes were nearly all republicans.

They were men from the strongest republican districts in Wisconsin.

Some of them, as *we know*, were men who have paid for rope to hang us with—who have denounced us as a traitor—who voted to carry on a war for the benefit of the negro and bondholder.

But times have changed.

They don't mix well with negroes. They are not New England Puritants, spoon thieves or hypocrites.

They want the negro to stay south, *and they have sworn, and are organizing all over the district to drive the negroes from the river.*

They don't like the negro as a rival in labor. The majority rules. The raftsmen of the northwest will stand by each other.

They are hard pets to play with.

They are not afraid of a little blood or a little danger,

They don't go back on friends worth a cent.

They don't like the idea of having white men turned loose to beg, and black men employed at half wages by sharpers who have discharged white men, driven them into the pineries and other places for labor, and the result will be, if their comrades now in jail are hardly dealt with, they will "warm" it not only to the black men employed as straggling laborers in that section, but will clear out all who employ negroes.

Bear in mind that this is in a republican district. That negroes are not wanted there. That is has been sworn that they shall not remain there.

Let the majority rule!

We regret the occurrence named greatly for the victims and for those whose hot blood, over-excited by passion, led to such fearful results. Had we been on board the boat, it would have been our endeavor to preserve order and save life. The most we can do now is to ask that allowance be made for those greatly excited.

During the war it was common for mobs of excited men to beat the brains out of those who simply differed in opinion, as in the case of Bellenger, a democrat, who was brutally murdered at New Lisbon, Wis,, by a hundred soldiers, whereat the people shouted "served him right for being a democrat."

In this case there is an antagonism of race and color. Poor men *hard at work* do not relish the idea of being compelled by moneyed corporations to compete with labor, when the blacks make no improvements with their money.

Five out of every six republicans in that vicinity say they do not blame the raftsmen for not liking the negroes.

And if the negroes are to be employed on the Upper Mississippi they will mysteriousl disappear before the unerring aim of the pinery boys, and they might as well so consider it and stay below with their friends and with their old masters who loved them more—who will care for and protect them better than will the republicans of the Northwest who like niggerism in theory but not in practice.

And so long as negroes in the South, aided by carpet-bag scallawags, kill white men, so long will the lumbermen of the Northwest kill the blacks who wander thus far from home.—*Pomeroy's Democrat.*

A DEATH KISS.

The needle of a young man's sweetheart pierces his heart white kissing her lips.

[From the Nashville (Tenn.) Press, July 26.]

A young gentleman named Joe White, a very respectable, industrious, quiet, good-looking fellow, of about eighteen years of age, and a resident of Germantown, went to South Nashville Saturday night to visit his lady love, a Miss Barnes. He had been frequently to visit her at various times. They were engaged to be married. He found her in the parlor, sewing, as a proper young girl should be. She was anxious to finish the article, and therefore concluded not to throw it aside when he entered, particularly as he complimented her on her pretty appearance, with her beautiful face, bending over her slendor fingers as she plied the stitches with as much grace and rapidity as other girls display when skimming over the keys of a nasty piano.

He took a seat beside her. They chatted very gayly. After waiting a few minutes, which to him seemed hours, he became impatient and longed to imprint a chaste kiss upon her ripe and pouting lips. With the view of carrying out his design, he let his arm circle her waist furtively, and as he was drawing her close to himself, she objected to being disturbed until her little work was finished; but he insisted. She made a motion to shove him off, as girls are said to generally. This motion proved fatal to her happiness and to his life. He became impetuous, and drawing her to him with much violence, the needle caught in her thimble got between them, the point toward his heart.

It entered, and, as he was about to imprint a kiss of love upon her lips, his own became ashy pale, his vigorous grasp relaxed, and then the fire of love died out, as if by a celestial puff, at the moment of contact. He sickened, fell back upon the sofa, quite helpless. The young lady much alarmed ran for assistance. The family all ran into the room, and proceeded to open his shirt collar, thinking he was in a fainting fit, and that the usual restoratives would suffice. In undoing his vest, it was found that the needle had penetrated his side very deeply, a circumstance which the young lady nevnoticed in her fright. The docter was sent for. He administered what remedies he could. Partial conciousness was restored, and the young fellow enabled to talk. The scene between him and his first, last love, was extremely affecting.

She wept like one who feels that all happiness on earth is lost, and he seemed to regret her loss and not his own condition. He consoled her by saying that she would soon get another lover to fill his place, who would be more worthy of her than he could hope to be, and who would make her happy. This but increased her sorrow. She sank down upon the floor beside him and cried aloud. When he was becoming worse, and the doctor gave the emphatic opinion that he could not live, she started suddenly to her feet, and running into another room, swallowed a heavy dose of laudanum, which was there for the use of a young member or the family that was sick. It was some time before she was discovered, and it was with the utmost difficulty she was brought to conciousness. "O, where is he? let me go to him; I will be with him." At the same instant the young gentleman was resigning his spirit into the hands of its Maker in the adjoining room. He died about ten o'clock. She is still in a precarious condition, and evinces symptoms of insanity.

CURIOUS SCENE IN A NEW ORLEANS COURT.

[From the New Orleans Picayune.]

Many persons attending the sessions of the Recorder's Court in this city have been edified by the peculari solemnity with which oaths are administered and the awe with which they are generally taken. It so happened that Wednesday morning an ungainly looking specimen of recently enfranchised made his appearance before one these tribunals in the capacity of a witness. The judge with an austerity of visage that at one creates the impression of profound melancholly, held out the boook to the witness, and administered his solemn injunction to speak the truth. At the conclusion of course, it is expected that the witness will kiss the book. But this "ward of the nation" was unused to criminal proceedings, and entertained curious ideas of manner and propriety of swearing, and stood erect.

"Why don't you kiss?" demanded the magistrate.

"Sar!"

"Ain't you going to kiss?" was again inquired.

"Sar!" repeated the astonished darey, evidently mistaking the meaning of the Court, and surprised beyond measure at such an invitation.

"Kiss, I tell you!" thundered the judge.

"Yes sar! yes sar!" exclaimed the frightened and trembling darkey, nerving himself for the contemplated embrace, and without more ado the long arms of the son of Ham were thrown around the judicial neck, and before he could be prevented a stentorian smack resounded through the court room.

"Quit, you beast—help! help!" shouted the magistrate. But the darkey enjoyed the luxury, and the embrace was renewed with unction.

"Take him off! Take him off!" cried the Court, while the loud shouts of the spectators testified their appreciation of the fun. At last however, the officers of the Court interfered, and the half strangled judge was rescued from the clasp of the literal witness.

"Catch him! Put him in jail! I'll have him hung!" were some of the infuriated objurgations of the court, as he leaned back against the wall, his face flushed and his clothes torn from the recent encounter.

"God in heaven that I should be hugged by a nigger!" and the judge again poured forth his vituperations. But the offending darkey was at last locked up, and the Court settled down to its habitual order and quiet.

A BEAUTIFUL INCIDENT.—A correspondent of the New York Evening Post, writing from Frankfort-on-the-Main, relates the following: Little American school girls, are much beloved in the German schols, especially if they happen to possess loving dispositions themselves. A few weeks ago the writer saw the corpse of a pretty eight-year old American girl who had been confined to her bed by disease for nearly nine months, during the whole of which time her former teachers and fellow-scholars paid repeated visits to her home, to inquire after her health, and bring her little presents of flowers, or whatever else they thought might please her. These visits were continued up to the week of her death, and were a great happiness to the little school girl. Finally, when death came, a trait of German character was seen which must have helped to soothe the deepest sorrow of the parents. The little body was laid out, and on the last evening before interment, when it was placed in the little Gothic coffin, and after it had been decorated with flowers, as it is the German custom, a troop of young girls were seen approaching the house along the garden pathway. These fellow scholars of the little American girl then in her coffin, and what a pleasantly sad surprise did they bring to the parets! Each girl held in her hand a beautiful boquet of roses, and after entering the room containing the corpse she approached timidly the little coffin, looked for a few moments sadly on her little companion's face, and deposited her boquet upon the body. When all had done this, scarcely a vistage of the white burial dress could be seen, so completely did the flowers hide it. Months had passed away since the little deceased one had last been among them, yet such is their trianing and loving character that they never forget a little schoolfellow playmate. The cost of the flowers alone bought by these school children, and by friends and neighbors, could not have amounted to much less than seventy guilders—so many boquets, indeed, that the coffin itself would not contain them.

CATCHING A TARTAR.

Gen. Henry Gracy, of Bionville, was supœnaed to give testimony before the Congressional Committee now sitting in this city, to investigate the facts of the last election. From what we hear, the General's testimony was of a very unsatisfactory character. He was asked the cause of the vote for Gen. Grant in his parish—only two votes being received for the Radical Electors.

The General answered that, as far as he could learn from the negroes, the reason they would not come to the polls and vote, was because the Provost Marshal, who came to the Parish as a Radical organizer, had promised, if they would vote for the Radical ticket in the State election, to give each one of them forty acres of good land, a mule, plow, hoe, axe, and set them up in the world. This promise had not been kept, and therefore, the negroes would not turn out for the nominees of the party in the November election.

Question—Who told you this was the reason?

Answer—About five hundred of the negroes themselves.

Question—Can you give the names of any of these?

Answer—Yes; Jerry, Jim, Bob, Big Bill, Sqnint-eyed Joe, Bow-legged George, Tom—

Mr. Stevenson—That will do. Pleae give me their surnames.

Answer—They never had any; at least I never knew them by such.

Question—Have you not been a prominent politician in this State?

Answer—No.

Question—Were you not a member of the Legislature?

Answer—Yes, but was never prominent.

Question—Were you not nominated for the United States Senate in opposition to Mr. Benjamin?

Answer—Yes, I was voted for.

Question—Did not this show that you were a prominent politician?

Answer—No it showed that I had some popularity; not that I was the proper man for the place, any more than the votes received by Gen. Grant proved that he was fit to be the President of the United States.

"You can stand down, sir."

Thereupon the General retired, after having been brought all the way from Texas to give testimony before the Committee.—*New Orleans Times*

FOR THE CAMPAIGN!

RALLY IN YOUR MIGHT!

Read, Think and Act!

Our appeal is to the intelligent, the candid and the independent. We ask only that people shall *understand* the issues before them, and that, understanding them, they reflect upon their duty in the premises and then discharge what they believe to be that duty when they come to cast their ballots. In order that the questions to be voted upon at the coming election, may be fairly and fully presented to the public, the BEDFORD GAZETTE will be furnished for the campaign, at the following low rates:

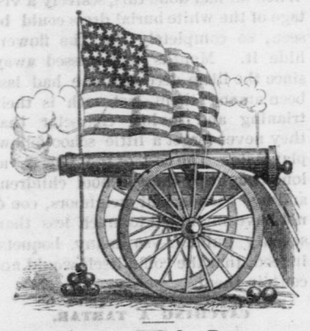
One copy	$0.50
Three copies	1.20
Five copies	1.75
Ten copies	3.00
Twenty copies	5.00

In all cases the cash must accompany the order. We respectfully ask the active men of our Party to get up clubs for the campaign at every post-office in the county. In no other way can the good cause be more effectively supported than by the circulation of Democratic newspapers. It ought to be an easy matter to raise a club of twenty at any post office. Address MEYERS & MENGEL, Bedford, Pa.

GEARY'S PLATFORM.

Resolved, That we wholly approve the principles and policy of the administration of General Grant, and we heartily endorse every sentiment contained in his inaugural address, *and especially do hereby ratify and approve the late amendment to the Constitution of the United States proposed by Congress, known as the Fifteenth Amendment.—Radical Platform adopted at Philadelphia, June 24, 1869.—See Bedford Inquirer of July 2.*

OPENING RALLY!



Mass Meeting of the Democracy of Bedford County!

RATIFICATION OF THE NOMINATION OF PACKER AND PERSHING.

All who are in favor of wresting our good old commonwealth from the hands of a "Radical Ring" of corruptionists, are requested to attend the ratification meeting to be held at the COURT HOUSE, in Bedford, on MONDAY EVENING, SEPTEMBER 6, 1869.

All who are in favor of Retrenchment and Reform in our National and State governments are requested to come.

Let the PEOPLE rally in their might and prepare for the great victory over fanaticism and corruption in Pennsylvania.

Able speakers have been invited to address the meeting.

EDWARD F. KERR,
Ch. Dem. Co. Com.

STUTZMAN AGAIN!

The Radical Senatorial Conference for this district, met at the Washington Hotel, in this place, on Thursday last, and on Saturday night, Hon. Alex. Stutzman, of Somerset, was declared the nominee. The conference had a stormy as well as a lengthy session, and when Fulton joined hands with Somerset and nominated Stutzman, the three Bedford conferees refused to endorse the nomination and withdrew. It is charged that money was used to influence the Fulton conferees. Not being "in the ring," we cannot vouch for the truth of this charge, but it is made by some of the most reliable men of the Radical party who were on the ground and who watched the manœuvres of the wire-pullers. As for ourselves, we preferred the nomination of Mr. Stutzman for two reasons: First, he is not a strong candidate; secondly, he has frequently voted against his party in the Senate, and, if re-elected, will do so again under similar circumstances. The candidates before the conference were Capt. G. S. Mullin, of Bedford, J. B. Cessna, Esq., of Fulton, and the nominee, Mr. Stutzman.

THE GREAT SWINDLE.

How the People are Cheated.

REPUBLICANS AND DEMOCRATS ALIKE THE VICTIMS.

Names of the Betrayers.

A solemn and formal promise was made by the Radical leaders, in the Chicago Platform of last year, to their followers and the people of the United States. It was a pledge that in all the loyal States, the question of Suffrage should remain under the control of the of the people. We quote from the Platform, word for word, as follows:

"The guaranty by Congress of equal suffrage to all loyal men at the south was demanded by every consideration of public safety, of gratitude and of justice, and must be maintained; *while the question of Suffrage in all the loyal States properly belongs to the people of those States.*"

On the faith of this solemn avowal, a majority of the people of the United States voted for Gen. Grant, and on this formal assurance the Radicals were permitted to retain the ascendancy in Congress and the State Legislatures. Thousands and thousands voted for Grant and the Radical candidates for Congress and the Legislature, who would not have touched them if they had not been persuaded by this deliberate promise in the Chicago Platform that the Suffrage question would be allowed to remain in the hands of the people. Mark, now, how the confiding voters were betrayed!

No sooner had Congress assembled, after the Presidential election, than the Radical leaders rushed through that body the measure known as the *Fifteenth Amendment*, and sent it in hot haste to the legislatures then in session, with a view to its immediate ratification! This indecent hurry was intended to steal a march on the people, and if possible, to flank them, by making the Amendment a part of the Constitution by consent of three-fourths of the Legislatures, before the people could vote on it, or elect new Legislatures with the Amendment an issue. GOV. JOHN W. GEARY was an actor in this shameful intrigue, and on the very day on which he received the Amendment from the hands of Congress, he sent it to the Legislature with the following message recommending its prompt ratification:

"EXECUTIVE CHAMBER,
"HARRISBURG, March 8, 1869.

"*To the Senate and House of Representatives of the Commonwealth of Pennsylvania:*

GENTLEMEN:—I have the honor to transmit, for the consideration of the General Assembly, a duly attested copy of a concurrent resolution of the Senate and House of Representatives of the United States of America, entitled 'A resolution proposing an Amendment of the Constitution of the United States,' this day received from the State Department, Washington, D. C.

"I cordially approve this action of the National Congress, and unhesitatingly recommend the prompt ratification of the same by the legislature.

JOHN W. GEARY."

Remonstrances against the ratification of the Amendment poured in upon the legislature, signed by tens of thousands of citizens, many of whom belonged to the Radical party, but they were received by the Radical Sentors and Representatives with contempt and derision. Resolutions were offered in both houses, to postpone action on the Amendment until next year, and to submit the question at the October election. They were voted down by the Radical side. On March 11, 1869, the resolution to ratify the Amendment passed the State Senate by the following vote:

Yeas—Messrs. Billingfelt, Brown (Mercer), Coleman, Connell, Errett, Fisher, Graham Henszey, Kerr, Lowry, Olmsted, Osterhout, Robison, Stinson, STUTZMAN, Taylor, White and Worthington—18. *All Radicals.*

Nays—Messrs. Beck, Brown, (Northampton), Burnett, Davis, Duncan, Jackson, Linderman, M'Candless, M'Intire, Miller, Nagle, Randall, Searight, Turner and Wallace—15. *All Democrats.*

See Legislative Record for 1869, page 581.

On March 25, 1869, the same resolution passed the House, by the following vote:

YEAS—Messrs. Adaire, Ames, Beatty, Brown (Hunt'g), Buffington, Bunn, Burritt, Chamberlain, Church, Clark (Warren), Cloud, Davis (Phila), Duncan, Edwards, Foy, Gatchell, Hamilton, Heilman, Herr, Herrold, Hoffman Holgate, Hong, Hopkins, Humphreys, Hunter, Jackson, Kerr, Kleckner, Leedom, Leslie, LONGENECKER, Marshall, Martin, Meredith, Miller, Morgan, Myers, Nicholson, Niles, Painter, Peters, Philips, Rea, Robb, Robison (Blair), Robison (Mercer,) Stephens, Stokes, Stranahan, Strang, Subers, Summy, Taylor, Vankirk, Walker, Webb, WELLER, Westlake, Wilson and Clark, *Speaker*—62. *All Republicans.*

NAYS—Messrs. Beans, Beard, Bossard, Breen, Brobst, Brown (Clarion), Cornman, Creitz, Dailey, Davis (M'Kean), Dill, Eschbach, Fogel, Goundie, Hottenstein, Hursh, Jones, Josephs, Kase, M'Cullough, M'Ginnis, M'Kinstry, M'Miller, Meek, Mullen, Nelson, Nice, O'Neill, Place, Playford, Porter (York), Rogers, Scott, Sedgewick, Shively, Stout and Westler—38. *All Democrats.*

See *Legislative Record* for 1869, page 817.

Was there ever so treacherous, bold and shameful a violation of its pledges to the people committed by any political party? After obtaining the election of their candidate for President, their candidates for Congress and their candidates for legislature, on the deliberate and solemn assurance that "the question of suffrage in all the loyal States properly belongs to the people of those States," the radical leaders in Congress, the radical Governor Geary and the radical State Legislature, conspire together to deprive the people of Pennsylvania of all power over this question of suffrage which they have solemnly declared "belongs to the people!" But as if to glory in their infamy, the radical politicians assembled in State Convention in Philadelphia on the 23d of June last, re-nominated John W. Geary for Governor and placed him on a platform containing the following endorsement of his and their attempted fraud:

Resolved, That we wholly approve the principles and policy of the administration of General Grant, and we heartily endorse every sentiment contained in his inaugural address, *and especially do we hereby ratify and approve the late amendment to the Constitution of the United States proposed by Congress known as the Fifteenth Amendment.*

Such is the insult offered to the men who were betrayed by the framers of the Chicago Platform. Deliberately cheated by their leaders, they are now asked to endorse and sustain by their votes the fraud perpetrated upon them. JOHN W. GEARY and the RADICAL NOMINEES FOR THE LEGISLATURE are the representatives of this Fifteenth Amendment swindle; *their broken pledges* confront them like accusing spirits; their efforts to stifle the voice of the people rise up in judgment against them, their very boldness in asking the people whom they have deceived to sustain them, condemns them as lost to every sense of decency or honor. LET US VOTE DOWN THESE UNBLUSHING PLEDGE-BREAKERS!

THE STATE TAX HUMBUG.

The Bedford county organ of the "pasters and folders," says that "a "Democratic administration in Bed-"ford county has been levying and col-"lecting a tax on land for two or "three years after the tax upon real es-"tate has been abolished all over the "State by a Republican administra-"tion." If the *Inquirer* did not take its readers for a pack of fools it would not dare to insult them with such a statement. No *State Tax* on real estate has been levied or collected for several years, but the state officials at Harrisburg annually demand large sums from the county, which *they* assess in spite of the repeal of the state tax on real estate. In 1868, they demanded $2,716,48 and this year $3,504.90! These sums are paid out of the *county tax* which under the law is laid on real estate as well as on other property. Let any one who doubts this, go to the Commissioners' office and ascertain the fact for himself. The truth about this matter is, that the Radicals in order to deceive the people, repealed the direct tax on real estate, and now use the money in the Sinking Fund (which was created by a Democratic administration for the extinguishment of the State Debt) to pay the expenses of the State Government, and as those funds do not suffice, they compel the several counties to pay the deficit out of their own treasuries. And this is the way they humbug the people. The State Government now costs double what it formerly did; the state taxes annually collected from the people amount to *two millions* of dollars more than they did under the last Democratic administration; the sinking Fund is robbed in order to pay the expense of the Radical officials at Harrisburg; and the county commissioners of the several counties without previous notice as to what amount will be required of them, are forced to pay such sums, out of the county funds, as those officials demand of them. Verily it is high time that the thieves and plunderers in the offices at the State Capital be driven out of power! Another three years of John W. Geary will sink the Sinking Fund and swamp the State.

WHERE HAS IT GONE?

When the democrats went out of power in 1860, the State debt was $37,849,125 72. Now it is $33,286,946 13; or only about four and a half millions of dollars less than in 1860. During the last eight years *twenty-eight millions of dollars* have flowed into the State Treasury, which, under the Sinking Fund act passed by the democratic legislature of 1858, ought to have been applied to the payment of State debt. Besides this sum, which ought to have gone into the Sinking Fund, *seventeen millions* of taxes have been gathered into the Treasury, making the revenues of the State during the last eight years, upwards of *forty-five millions of dollars!* With this immense amount of treasure, radical management of the State finances has succeeded in paying off but the trifling sum of four and a half millions of the State Debt! What has been done with the remaining *forty millions!*

Tight—money. Radical times.

SOLDIERS' CLAIMS.

The Radical party, ever since the close of the war, have made the loudest professions of friendship for "the soldier." They have flattered him with soft words and promises of office, and with Satanic impudence they have tempted him with all the magnificence and glory of worldly possessions to fall down and worship them. They wanted the soldier's vote, and they did not scruple to try all the tempter's arts in order to accomplish their purpose. But what is the upshot? Except when they needed a soldier to carry them through a doubtful election, as in the case of Grant last year and in that of Geary in 1866, they have given "the boys in blue" the cold shoulder. Since the election of Grant, hundreds of soldiers, many of them disabled for life, have been discarded by them and the places they asked given to mousing politicians who never saw a battle.—The soldiers were good fellows enough when their votes were wanted, but when they asked to be remembered in the distribution of the offices, they were kicked aside like a worn out shoe.

The Bedford *Inquirer*, last week, in an article recommending Capt. G. S. Mullin for the Senatorial nomination, used the following language:

"We claim to be the soldier's friends, let a soldier's claims be recognized and great strength will be added to our ticket, and we will at the same time send a man to the Senate of whom the district will have cause to be proud."

But the "soldier's claims were *not* "recognized." Stutzman, who spent the years of the war in snug and secure retirement in the shades of Somerset, who has already served four years as Senator and grown fat on the spoils of his party, was preferred to the soldier candidate by the radical politicians of the district. As in the case of the one-legged soldier, Capt. Stuckey, last year, the men who control Radical nominations, kept the word of promise to the ear to break it to the hope, and Capt. Mullin's "claims" were overlooked.

Talk about Radical love for the soldier! Faugh! It almost makes one's gorge rise at the disgusting pretence. A few paltry dollars of a politician's money go farther with the men who peddle out the offices in the Radical party, than all the empty sleeves and legless pantaloons that are worn in the Union. Let them say no more, for shame's sake, about their friendship for the soldier!

THE INTEREST ON THE STATE DEBT.

During the years of democratic rule in Pennsylvania, says the *Patriot*, the Commonwealth paid 4, 4½ and 5 per cent. interest on its loans. These rates were maintained until 1867, when, on the recommendation of Gov. Geary and State Treasurer Kemble, a new loan was negotiated to replace the old, and this new loan was made at 6 per cent. interest. Now, there was no necessity for this movement; none in the world except that of the pockets of the State Treasurer and other radical officials. The old loans could have been continued, without any difficulty, at the old rates of interest. But the placing of the new loan offered an opportunity to plunder the treasury, and that was enough to recommend it to those in power. It would enable the State Treasurer to keep on hand a large monthly balance, which he could loan out to his favorites, to the incalculable advantage of himself and his friends. Some of the interest on this heavy balance would be needed as a corruption fund to elect United States Senators and State Treasurers, and to re-elect Gov. Geary. Hence the scheme was put through; *twenty-three millions* were borrowed at six per cent., and at a cost of placing the loan of $90,000.

We now have the effect of this admirable stroke of radical financiering. In 1867 the Commonwealth paid $94,063 more interest than in 1866, and in 1868 it paid $172,554 more than in 1866. Here is shown a loss to the people, by the operation of this new radical loan, of $266,618 in two years! A vote for Geary and the radical candidates for the legislature, is a vote to endorse and encourage such frauds upon the people.

TOWNSHIP TICKETS.

By the Act of last winter, Spring Elections have been abolished, and township officers will be elected on the day of the General Election, the second Tuesday of October. The Democrats of the several townships and boroughs of the county, should see to it that the best possible tickets are nominated for these offices. Township tickets should be *printed*. If they are written, they will, when voted with the State, Judicial, District and County Tickets, make the ballot very bulky. Nominate early and have your tickets printed in time.

TO COUNTY CANDIDATES.

The Democratic County Committee will meet at the Court House, in this place, on next Tuesday, Sept. 7, at 1½ o'clock, P. M. Candidates on the Legislative and County Ticket are requested to meet with the Committee. Business relative to the organization of the party will be laid before the meeting. Every member should make it a point to be present.

SPECIAL NOTICES.

Schenck's Pulmonic Syrup,

Seaweed Tonic and Mandrake Pills, will cure Consumption, Liver Complaint, and Dyspepsia, if taken according to directions. They are all three to be taken at the same time. They cleanse the stomach, relax the liver, and put it to work: then the appetite becomes good; the food digests and makes good blood; the patient begins to grow in flesh; the diseased matter ripens in the lungs, and he patient outgrows the disease and gets well. This is the only way to cure consumption.

To these three medicines Dr. J. H. Schenck, of Philadelphia, owes his unrivalled success in the treatment of pulmonary consumption. The Pulmonic Syrup ripens the morbid matter in the lungs, nature throws it off by an easy expectoration, for when the phlegm or matter is ripe, a slight cough will throw it off, and the patient has rest and the lungs begin to heal.

To do this, the Seaweed Tonic and Mandrake Pills must be freely used to cleanse the stomach and liver, so that the Pulmonic Syrup and the food will make good blood

Schenck's Mandrake Pills act upon the liver, removing all obstructions, relax the ducts of the gall-bladder, the bile starts freely, and the liver is soon relieved; the stools will show what the Pills can do; nothing has ever been invented except calomel (a deadly poison which is very dangerous to use unless with great care), that will unlock the gall-bladder and starts the secretions of the liver like Schenck's Mandrake Pills.

Liver Complaint is one of the most prominent causes of Consumption.

Schenck's Seaweed Tonic is a gentle stimulant and alterative, and the Alkali in the Seaweed, which this preparation is made of, assists the stomach to throw out the gastric juice to dissolve the food with the Pulmonic Syrup, and it is made into good blood without fermentation or souring in the stomach.

The great reason why physicians do not cure consumption is, they try to do too much; they give medicine to stop the cough, to stop chills, to stop night sweats, hectic fever, and by so doing they derange the whole digestive powers, locking up the secretions, and eventually the patient sinks and dies.

Dr. Schenck, in his treatment, does not try to stop a cough, night sweats, chills, or fever. Remove the cause, and they will all stop of their own accord. No one can be cured of Consumption, Liver Complaint, Dyspepsia, Cataarh, Canker, Ulcerated Throat, unless the liver and stomach are made healthy.

If a person has Consumption, of course the lungs in some way are diseased, either tubercles, abscesses, bronchial irritation, pleura adhesion, or the lungs are a mass of inflammation and fast decaying. In such cases what must be done? It is not only the lungs that are wasting, but it is the whole body. The stomach and liver have lost their power to make blood out of food. Now the only chance is to take Schenck's three medicines, which will bring up a tone to the stomach, the patient will begin to want food, it will digest easily and make good blood: then the patient begins to gain in flesh, and as soon as the body begins to grow, the lungs commence to heal up, and the patient gets fleshy and well. This is the only way to cure consumption.

When there is no lung disease, and only Liver Complaint and Dyspepsia, Schenck's Seaweed Tonic and Mandrake Pills are sufficient without the Pulmonic Syrup. Take the Mandrake Pills freely in all billious complaints, as they are perfectly harmless

Dr. Schenck, who has enjoyed uninterrupted health for many years past, and now weighs 225 pounds, was wasted away to a mere skeleton, in the very last stage of Pulmonary Consumption, his physicians having pronounced his case hopeless and abandoned him to his fate. He was cured by the aforesaid medicines, and since his recovery many thousands similarly afflicted have used Dr. Schenck's preparations with the same remarkable success. Full directions accompanying each, make it not absolutely necessary to personally see Dr. Schenck, unless the patients wish their lungs examined, and for this purpose he is professionally at his Principal Office, Philadelphia, every Saturday, where all letters for advice must be addressed. He is also professionally at No. 32 Bond Street, New York, every other Tuesday, and at No. 35 Hanover Street, Boston, every other Wednesday. He gives advice free, but for a thorough examination with his Respirometer the price is $5. Office hours at each city from 9 A. M. to 3 P. M.

Price of the Pulmonic Syrup and Seaweed Tonic each $1.50 per bottle, or $7.50 a half-dozen. Mandrake Pills 25 cents a box. For sale by all druggists.

Their own interests are at stake in this matter. Everybody has suffered so much from the accursed CREDIT SYSTEM, if system it can be called, that I intend to offer to everybody a panacea for the evil in the future.

On and after the first day of June, 1869, I will sell goods EXCLUSIVELY FOR CASH OR PRODUCE. No doubt some customers may be lost to me, but I flatter myself that it will be only those from whom I cannot collect present accounts.

All goods will be sold at about one-half the profit now paid by consumers. The people often complain of Bedford prices being higher than elsewhere, and it is doubtless true, to some extent, for the reason that good customers have had to pay for others' goods with an additional profit on their own.

Let an intelligent community sustain me in this enterprise and they WILL SAVE FROM TEN TO FIFTEEN PER CENT. ON EVERYTHING THEY CONSUME.

NOTICE.—All accounts not settled by the first day of June, 1869, either by cash or note, will be put in the hands of an officer for collection. Friends will please take notice, and by so doing will save trouble and costs.

CAUTION.

An old law-book, published many years ago, has just been hastily re-issued as "a new book," without even a suitable revision of its obsolete statements. Do not confound that work with CHAMBERLIN'S LAW-BOOK FOR THE PEOPLE.

Apples and potatoes are plenty on our streets.

Irvine, of the "Regulator," sells none but the best groceries.

The buckwheat crop is said to be almost a total failure in this county. Sad to reflect on.

A new post office has been established at Tatesville, and M. A. Hunter appointed postmaster.

Astute astronomers are announcing the next eclipse of the sun for the year 1900. Get your smoked glass ready.

Dull, duller, dullest, is the cry of our business men. It is therefore just the time to advertise.

The best place in town to buy queensware and glassware, is at Irvine's

Every Democratic voter should examine the Registry list and see that his name is thereon.

Buy your boots and shoes at H. F. Irvine's. Cash buyers can always get bargains at the "Regulator" establishment.

ATTENTION is called to the notice of Dr. Wm. Watson, Executor of Dr. Wm. H. Watson, dec,d, printed this week in another column.

If you want your neighbors to know all about you, just give a party and forget to invite the folks who live next door.

The income returns prove most conclusively that gold watches are going out of fashion not only in our own county, but all over the country.

The water in the reservoir is very low, and if we don't soon get a soaking rain our water works will be left "high and dry."

A patent has been obtained for the manufacture of water-proof paper. By and by it will be no uncommon thing to carry a quart of molasses home in a paper bag.

An old criminal was once asked what was the first step that led to his ruin, when he answered: "The first step was cheating a printer out of two years' subscription. When I had done that, the devil got such a grip on me that I could never shake him off."

THE CORNER STONE of the new Reformed Church at Fishertown, this county, will be laid on the 4th of September, at 10 o'clock, A. M., on which occasion the Rev. L. Cort, A. M., of Juniata Collegiate Institute, of Martinsburg, Pa., will preach.

Everybody should go to D. W. Crouse's Tobacco Store, on Pitt st., to buy the best cigars, smoking and chewing tobacco in town. Dan manufactures his own cigars from the very best brands of the weed.

FATAL ACCIDENT.—James Dolan, of Tatesville, was killed on last Wednesday, by a fall of ore in the mines between Mt. Dallas and Bloody Run Station. The remains of the unfortunate man were brought to this place and interred in the Catholic burial grounds.

SEVERE ACCIDENT.—We are sorry to learn that our candidate for Commissioner, Mr. George Elder, and his estimable lady, met with an accident which almost proved fatal to the latter. The facts as we heard them are as follows: Mr. Elder and his wife were passing the steam tannery at Mann's Choice, in a light wagon, when the steam whistle blew, which frightened the horse, causing him to run away. The occupants of the wagon were thrown out with great violence and much injured. Mr. Elder was severely hurt about the arms and back, while his wife received terrible cuts on her limbs, face and neck. Skillful medical aid was summoned and both are doing well.

Gulch mining in the Red River country of New Mexico is reported to be a failure, and many miners are leaving for Colorado and Arizona.

COURT WEEK.—Remember, friends and patrons, that the printed direction on your paper has a date affixed to your name which tells you exactly how many years you owe us for the paper—you know our terms—and as next week is Court week, it will afford you a good opportunity to bring the amount due us along or send it with some of your neighbors who will be here on that occasion.

STATE FAIR—It will be seen upon reference to our columns that the next exhibition of the Pennsylvania State Agricultural Society is to be held in Harrisburg, opening on Tuesday, Sept. 28th and continuing until Oct. 1st. The premium list is more than usually liberal, amounting to about $10,000. As the society is about to hold consecutive exhibitions at a fixed locality, its officers have had leisure to perfect conveniences which will add much to the comfort of both exhibitors and visitors. A new feature in agricultural exhibition is introduced into the regulations of this year, indeed it is but an experiment which we hope will prove a successful one. It is the admission of all articles and animals *free of charge* upon compliance with the requirements of the society relative to entries. Other details relative to the fair can be obtained by addressing the Secretary at Harrisburg.

A great many side hits are being made at the Plantation Bitters by a score or two of disinterested friends, who are endeavoring to imitate or counterfeit them. It is all of no use. The people won't be imposed upon. Plantation Bitters are increasing in use and popularity every day. They are in the same sized bottle, and made just as they were at first. They make the weak strong, the languid brilliant and are nature's great restorer. The recipe and full circular are around each bottle. Clergymen, Merchants, and persons whose sedentary habits induce lassitude, palpitation of the heart, lack of appetite, liver complaint, &c., will find immediate and permanent relief in these Bitters. But, above all they are recommended to weak and delicate females and mothers.

MAGNOLIA WATER.—Superior to the best imported German Cologne, and sold at half the price.

The September "Riverside" is introduced by a picture called "Town and Country," and is a good natured characterization of city and country children when brought face to face. Two old favorites reappear, Porte Crayon, with his picture and stories of Virginia life, and Abbe Sage, with a new story from the old English poets, the sadly sweet "Patient Griselda." Dr. Abbot describes "Snaring Shanks;" Miss Bishop publishes another of her pretty fairy poems and pictures. The number is particularly noticeable for its show of illustrations, twenty-five in all, many of them being large and striking. Published by Hurd and Houghton, New York. $2.50 a year.

It appears that the good weather in Spain has, according to cable advices, had a depressing tendency in the breadstuff market, buyers manifesting a desire to lower prices.

MARRIED.

WHITAKER—FEATHER—On the 26th inst., by the Rev. C. U. Heilman, at the Reformed Parsonage in St. Clairsville, Mr. Peter Whitaker and Miss Leah Feather, both of this county.

DIED.

CRAMER—August. 13, 1869, in Greenfield, Idela, infant daughter of John and Larch Cramer, aged 1 month and 11 days.

LAUCK—On the 19th ult., in Middle Woodberry tp., Michael Lauck, formerly of Germany, aged about 80 years.

DIEHL.—On the 22d ult., William Elmer, and on the 24th ult., Henrietta, children of Samuel and Emily Jane Diehl of this place. The occasion of the death of the first was sad, indeed. A box of Brown's Vermifuge Comfits had been left on the table in the bed room, one had been given him, which he took for candy, and in the absence of his parents, he got the box and ate eight more before he was discovered. He was soon thrown into convulsions, and notwithstanding the prompt and skillful medical aid, after suffering about twelve hours, he died aged 2 years, 11 months and 14 days. Henrietta, the younger child, was aged 4 months. Truly, afflictions come not single-handed.

Pat Doolan, at the battle of Chancellorsville, bowed low at a cannon ball which whizzed just six inches above his head. "Faith," said Pat, "one never loses anything by being polite."

OUR NEW FAMILY SEWING MACHINE.

The superior merits of the "Singer" Machines over all others, for either Family use or Manufacturing purposes, are so well established and so generally admitted, that an enumeration of their relative excellences is no longer considered necessary.

OUR NEW FAMILY MACHINE,

which has been brought to perfection regardless of time, labor, or expense, is now confidently presented to the public as incomparably the Best Sewing Machine in existence. The machine in question is Simple, Compact, Durable and Beautiful. It is quiet, light running, and

CAPABLE OF PERFORMING A RANGE AND VARIETY OF WORK

never before attempted upon a single Machine,—using either SILK, TWIST, LINEN OR COTTON THREAD, and sewing with equal facility the very finest and coarsest materials, and anything between the two extremes, in the most beautiful and substantial manner. Its attachments for Hemming, Braiding, Cording, Tucking, Quilting, Felling, Trimming, Binding, etc., are Novel and Practical, and have been invented and adjusted especially for this Machine.

New designs of the Unique, Useful, and Popular Folding Tops and Cabinet Cases, peculiar to the Machines manufactured by this Company, have been prepared for enclosing the new Machine.

A faint idea, however, can at best be conveyed through the medium of a (necessarily) limited advertisement; and we therefore urge every person in quest of a Sewing Machine, by all means to examine and test, if they can possibly do so, all the leading rival Machines before making a purchase. A selection can then be made understandingly. Branches or agencies for supplying the "Singer" Machines will be found in nearly every city and town throughout the civilized world, where Machines will be cheerfully exhibited, and any information promptly furnished. READ! READ!! READ!!!

MIDDLETON'S

WONDERFUL PAIN CURE

A sure remedy for Rheumatism, Neuralgia, Lumbago, Growing Pains, Sprains, Bruises, Stiffnes, of the Joints and all similar diseases.

This wonderful remedy is composed entirely of vegetable ingredients. There are no injurious substances used in its manufacture.

For assurance of its excellent properties, read the following certificates:

BEDFORD, May 8, 1869.

I take great pleasure in giving my testimony to the value of "Middleton's Wonderful Pain Cure." I have been a martyr to Rheumatism. For two months previous to Feb. 25th, last, I was suffering intensely with pain so severe, that during all that time I had not one night of comfortable sleep. I could not put my hands to my face, could not comb my own hair, nor feed myself; but after having the Pain Cure applied once, I found relief enough to give me comfortable sleep, and with its steady use, I continued to get better, and now at the end of ten weeks from its first application, I have comparatively free use of my hands, sleep well and can attend to business. It has done me more good than all other medicines I have ever used put together, and I cheerfully give this certificate of its value.

ELI M. FISHER.

BEDFORD, April 14, 1869.

Mr. W. W. Middleton,

This is to certify that I was taken with Rheumatism, in my right shoulder, on the evening of the 8th inst., so that I was unable to raise my hand to my face. I got some of your Pain Cure and applied it twice, and was entirely relieved. I would recommend to every one who suffers with Rheumatism to give it a trial and be cured.

Yours &c., A. F. MILLER.

BEDFORD, May 17, 1869.

Mr. Middleton,

DEAR SIR:—I have used several bottles of your medicine in my family, and find it to be all you claim for it. Yours, truly,

JOHN HAFER.

BEDFORD, May 13, 1869.

This is to certify that I have used "Middleton's Pain Cure," for Rheumatism, and was very much benefited by it. JOHN HARRIS.

BEDFORD, May 18, 1869.

This is to certify that I have used Middleton's Liniment, for the Rheumatism which I had in my right shoulder so bad that I could not get my hand to my head without great pain, and after a few applications was entirely relieved.

L. F. DART.

BEDFORD, May 1, 1869.

Mr Middleton,

Dear Sir:—Mrs. Bowser was in much suffering for some four weeks with Rheumatism, and got some of your Pain Cure, and the first night I applied it it eased the pain; and after keeping on using it for two weeks, she was restored to health. I feel it to be my duty, as it is a pleasure, to write this recommendation for the benefit of others. JACOB BOWSER.

BEDFORD, May 16. 1869.

Mr W. W. Middleton:

Sir—I procured a bottle of your Liniment for Rheumatism, and it gives me great pleasure in saying that after using it for two days, my rheumatism was completely relieved. My sister was suffering, at the same time, with Inflamatory Rheumatism in her right hand and wrist—after using it for several days she was relieved. I consider it the best remedy I ever heard of.

JOHN KEEFE.

BEDFORD, May 24, 1869.

This is to certify that I have used one bottle of Middleton's Liniment, for Rheumatism, and think it a good cure, and would recommend it to all persons that are afflicted with the above disease.

AUGUSTUS CARVER.

BEDFORD, May 26, 1869.

Mr. Middleton:

Sir—I procured one bottle of your medicine and used one-half of it for Rheumatism, which effected a permanent cure up to this time. I cannot hesitate in saying that it is the best remedy I ever used. A. B. CARN.

This excellent PAIN CURE is prepared only by W. W. MIDDLETON, Bedford, Pa., to whom all orders for the medicine should be addressed.

NATURE'S GREAT RESTORER.

SCHEETZ'S

CELEBRATED

BITTER CORDIAL.

This medical preparation is now offered to the public as a reliable substitute for the many worthless compounds which now flood the market. It is purely vegetable, composed of various herbs, gathered from the great storehouse of nature, and selected with the utmost care. It is not recommended as a CURE ALL, but by its direct and salutary influence upon the Heart, Liver, Kidneys, Lungs, Stomach and Bowels, it acts both as a preventive and cure for many of the diseases to which those organs are subject. It is a reliable Family Medicine, and can be taken by either infant or adult with the same beneficial results It is a certain, prompt and speedy remedy for DIARRHŒA, DYSENTERY, BOWEL COMPLAINT, DYSPEPSIA, LOWNESS OF SPIRITS, FAINTINGS, SICK-HEADACHE, &c. For Chills and Fevers of all kinds, it is far better and safer than quinine, without any of its pernicious effects. It creates an appetite, proves a powerful digester of food, and will counteract the effects of liquor in a few minutes.

AYER'S

HAIR VIGOR,

FOR THE RENOVATION OF THE HAIR.

THE GREAT DESIDERATUM OF THE AGE.

A dressing which is at once agreeable, healthy, and effectual for preserving the hair. Faded or gray hair is soon restored to its original color and the gloss and freshness of youth. Thin hair is thickened, falling hair checked, and baldness often, though not always, cured by its use. Nothing can restore the hair where the follicles are destroyed, or the glands atrophied and decayed. But such as remain can be saved for usefulness by this application. Instead of fouling the hair with a pasty sediment, it will keep it clean and vigorous. Its occasional use will prevent the hair from turning gray or falling off, and consequently prevent baldness. Free from those deleterious substances which make some preparations dangerous and injurious to the hair, the Vigor can only benefit but not harm it. If wanted merely for a

HAIR DRESSING,

nothing else can be found so desirable. Containing neither oil nor dye, it does not soil white cambric, and yet lasts longer on the hair, giving it a rich glossy lustre and a grateful perfume.

AYER'S CATHARTIC PILLS,

For all the purposes of a Laxative Medicine.

Perhaps no one Medicine is so universally required by everybody as a cathartic, nor was ever any before so universally adopted into use, in every country and among all classes, as this mild but efficient purgative Pill. The obvious reason is, that it is a more reliable and far more effectual remedy than any other. Those who have tried it, know that it cured them; those who have not, know that it cures their neighbors and friends, and all know that what it does once it does always—that it never fails through any fault or neglect of its composition We have thousands upon thousands of certificates of their remarkable cures of the following complaints, but such cures are known in every neighborhood, and we need not publish them. Adapted to all ages and conditions in all climates; containing neither calomel or any deleterious drug, they may be taken with safety by anybody. Their sugar coating preserves them ever fresh and makes them pleasant to take, while being purely vegetable no harm can arise from their use in any quantity.

They operate by their powerful influence on the internal viscera to purify the blood and stimulate it into healthy action—remove the obstructions of the stomach, bowels, liver, and other organs of the body, restoring their irregular action to health, and by correcting, wherever they exist, such derangements as are the first origin of disease.

Minute directions are given in the wrapper on the box, for the following complaints, which these Pills rapidly cure:—

For DYSPEPSIA or INDIGESTION, LISTLESSNESS, LANGUOR and LOSS of Appetite, they should be taken moderately to stimulate the stomach and restore its healthy tone and action.

For LIVER COMPLAINT and its various symptoms, BILLIOUS HEADACHE, SICK HEADACHE, JAUNDICE or Green SICKNESS, Bilious Colic and Bilious Fevers, they should be judiciously taken for each case, to correct the diseased action or remove the obstructions which cause it.

For DYSENTERY or DIARRHŒA, but one mild dose is generally required.

For RHEUMATISM, GOUT, GRAVEL, PALPITATION OF THE HEART, PAIN IN THE SIDE, BACK and LOINS, they should be continuously taken, as required, to change the diseased action of the system. With such change those complaints disappear.

For DROPSY and DROPSICAL SWELLINGS they should be taken in large and frequent doses to produce the effect of a drastic purge.

For SUPPRESSION a large dose should be taken as it produces the desired effect by sympathy.

As a DINNER PILL, take one or two pills to promote digestion and relieve the stomach.

An occasional dose stimulates the stomach and bowels into healthy action, restores the appetite, and invigorates the system. Hence it is often advantageous where no serious derangement exists. One who feels tolerably well, often finds that a dose of these PILLS makes him feel decidedly better, from their cleansing and renovating effect on the digestive apparatus.

Our friends will find at Mr. Waters' store the very best assortment of Pianos, Melodeons and Organs to be found in the United States.—*Graham's Magazine.*

MUSICAL DOINGS.—Since Mr. Waters gave up publishing sheet music, he has devoted his whole capital and attention to the manufacture and sale of Pianos and Melodeons. He has just issued a catalogue of his new instruments, giving a new scale of prices, which shows a marked reduction from former rates, and his Pianos have recently been awarded the First Premium at several Fairs. Many people of the present day, who are attracted, if not confused, with the flaming adeertisements of rival piano houses, probably overlook the modest manufacturer like Mr. Waters; but we happen to know that his instruments earned him a good reputation long before Expositions and "honors" connected therewith were ever thought of; indeed, we have one of Mr. Waters' Pianofortes now in our residence (where it has stood for many years,) of which any manufacturer in the world might well be proud. We have always been delighted with it as a sweet-toned and powerful instrument, and there is no doubt of its durability; more than this, some of the best amateur players in the city, as well as several celebrated pianists, have performed on the same piano, and all pronounce it a superior and first-class instrument. Stronger endorsement we could not give.—*Home Journal.* jan15,'69.

AYER'S SARSAPARILLA,

FOR PURIFYING THE BLOOD.

The reputation this excellent medicine enjoys, is derived from its cures, many of which are truly marvellous. Inveterate cases of Scrofulous disease, where the system seemed saturated with corruption, have been purified and cured by it. Scrofulous affections and disorders, which were aggravated by the scrofulous contamination until they were painfully afflicting, have been radically cured in such great numbers in almost every section of the country, that the public scarcely need to be informed of its virtues or uses.

Scrofulous poison is one of the most destructive enemies of our race. Often, this unseen and unfelt tenant of the organism undermines the constitution, and invites the attack of enfeebling or fatal diseases, without exciting a suspicion of its presence. Again, it seems to breed infection throughout the body, and then, on some favorable occasion, rapidly develops into one or other of its hideous forms, either on the surface or among the vitals. In the latter, tubercles may be suddenly deposited in the lungs or heart, or tumors formed in the liver, or it shows its presence by eruptions on the skin, or foul ulcerations on some part of the body. Hence the occasional use of a bottle of this Sarsaparilla is advisable, even when no active symptoms of disease appear. Persons afflicted with the following complaints generally find immediate relief, and, at length, cure, by the use of this Sarsaparilla: St. Anthony's Fire, Rose or Erysipelas, Tetter, Salt Rheum, Scald Head, Ringworm, Sore Eyes, Sore Ears, and other eruptions or visible forms of Scrofulous disease. Also in the more concealed forms, as Dyspepsia, Dropsy, Heart Disease, Fits, Epilepsy, Neuralgia, and the various Ulcerous affections of the muscular and nervous systems.

Syphilis or Venereal and Mercurial Diseases are cured by it, though a long time is required for subduing these obstinate maladies by any medicine. But long continued use of this medicine will cure the complaint. Leucorrhœa or Whites, Uterine Ulcerations, and Female Diseases, are commonly soon relieved and ultimately cured by its purifying and invigorating effect. Minute Directions for each case are found in our Almanac, supplied gratis. Rheumatism and Gout, when caused by accumulations of extraneous matters in the blood, yield quickly to it, as also Liver Complaints, Torpidity, Congestion or Inflammation of the Liver, and Jaundice, when arising, as they often do, from the rankling poisons in the blood. This SARSAPARILLA is a great restorer for the strength and vigor of the system. Those who are Languid and Listless, Despondent, Sleepless, and troubled with Nervous Apprehensions or Fears, or any of the affections symptomatic of Weakness, will find immediate relief and convincing evidence of its restorative power upon trial.
